Contemporary Urban Issues  UST/PSM 302 Section 502

Time:        Mon., Wed. 9:45 - 10:50 am
Instructor:  Dr. Ronnie Dunn
Office:      Urban Affairs Building, Room 314
Classroom:   Urban Affairs Building, Room 107
Telephone:   (216) 687-5494
E-mail:      r.dunn@csuohio.edu
Office hours: Mon., 3:00 – 5:00 pm, 9 – 9:40 am on days of in-class sessions, and by appointment

Course Description:

This course examines the physical, social, and economic dimensions of the urban crisis with an emphasis on minority communities in general and African Americans in particular. We will explore the dynamics of race and class in American cities. An interdisciplinary approach will be used to study contemporary issues such as poverty, education, politics, and race and the criminal justice system.

Course Objectives:

The purpose is to provide students with scholarly and practical skills. By participating in the course, the student is expected to gain a better understanding of:

- Issues and challenges to urban America
- Public policy and politics relevant to race and ethnicity
- Appreciation of diversity
- And enhanced writing, research, critical thinking, and analytical skills through writing assignments and a final paper.

Course Requirements:

This course will consist of readings, presentation of online lectures, viewing audiovisual materials, written assignments, and (tentatively) guest lectures. Because the course is web-based, the interaction and discussion of issues presented in the class will primarily occur online. Therefore, it is imperative that students taking the course are familiar with computers and the Internet. Students are expected to complete the assigned readings and assignments, as well as participate in the online group discussions. Exams will be based
on material from each of these sources. Completion of assignments and participation in online activities are necessary to do well in the course.

**General Education Requirements:**

This course fulfills both the *Writing Across the Curriculum* (WAC) and the *African American Experience: Race and Racism* General Education Requirements.

In order to earn a “C” in the class and meet the WAC requirements each student must write an 8-10 page paper (2000 word minimum) written at a “C” skill level. However, if your writing is weak, yet you demonstrate an understanding of the course material and meet all other course requirements, you may receive at least a “D” grade, but will not receive WAC credit for the course. This paper must be typewritten or word-processed in double-spaced format. Papers must conform to the Manual of Style of the American Psychological Association. Grammar and spelling will be graded.

**Written Assignment Evaluation:** Evaluation of student papers is based on the following criteria:

1. **Focus** – The hypothesis or main point of your paper needs to be stated clearly at the beginning of the paper.
2. **Development** – Incorporate quotes, paraphrases, examples, inferences, reasoning, and opinions to support your hypothesis.
3. **Organization** – Is the paper organized so that the paragraphs proceed from one to another in a logical style using appropriate transitions? Is the paper well organized? Did the student adhere to the APA style format suggested for this course?
4. **Style** – Style relates to the sentence patterns and diction. Are the sentence patterns varied (preferred) or all the same? Variety in style makes for a far more interesting read. Is the diction appropriate (wording, choice of words) for an upper level college assignment?
5. **Mechanics** – Refers to the punctuation, spelling, and grammar. Students should make sure they proofread their paper prior to submission. Points will be deducted for inappropriate punctuation, improper use of grammar, and misspelled words. Spell-check your work!

For students with difficulty writing it is suggested that you utilize the Writing Center located in Main Classroom 321.

**Class Assignments:**

Students are responsible for responding in writing to questions related to the assigned readings for each week. Responses to each question should be between 150-200 words in length. Assignments are to be posted on the Blackboard discussion page and are due by 6 p.m. of the following Monday that the readings were assigned e.g. responses to questions for readings from the week of August 27th are due on September 3rd. The book review draft and final paper are to be emailed to the professor’s Blackboard email account on the scheduled due dates.
In that the class addresses “contemporary” urban issues, students should stay abreast of local and national current events relative to the subject matter by reading the newspaper and listening to the news regularly. Students should consult various media sources in order to obtain a broader perspective on issues.

**Late assignments will be penalized.** Each day that an assignment is late 1/3 of the points for the assignment will be deducted from the final grade for that assignment. Points will not be given for assignments more than two (2) days late.

**Class Schedule:**

While the majority of the class activities will take place online, there are five scheduled in-class sessions during the semester. The first class, the midterm and final exams, as well as two additional class sessions will be held in class (see course outline below). Two guest lecturers are scheduled for the in-class sessions. Students are expected to attend each of these sessions and attendance will be taken. Any changes to the schedule will be posted on Blackboard.

**Required Text:**

**Readings on Electronic Reserve**

Articles provided by the instructor are on Electronic Course Reserve (ECR).

**Supplemental Readings:**

OR

Students have the option of choosing either of the supplemental readings for their book review, and should attend class before purchasing the supplemental reading. Both books should be available in the campus bookstore. Both books will also be on reserve in the main library on campus.

GUIDELINES FOR FOCUSING ON LEARNING
IN ON-LINE CLASS DISCUSSIONS

1. Be open-minded and don’t feel compelled to always be right. Welcome others’ thoughts and opinions as a way to better understand the potential limitations of your own assumptions and an opportunity to grow. It is a good thing to have others think differently than you.

2. If the instructor has posted multiple part questions, make sure that you respond to each part when posting your message.

3. Put yourself in the shoes of the person with whom you are communicating. Make sure that you send a message that will be understood in the manner that you intended. Remember that what we intend to say, and how someone else perceives what we say, often differ. In successful communication, the two are one and the same.

4. Use personal statements like “I” rather than “you…”

5. Clarify first what was said before you challenge someone, e.g., “If I understand you correctly, you believe…”

6. Don’t avoid discussing difficult or sensitive issues. Deal with them courageously without lapsing into superficial politeness that avoids healthy debate.

7. Think through your response before you type it on the discussion board. It may even help you to type it out in “Word” first (using spell-check when necessary!!) and then cut and paste it (avoids typos too!)

8. Remember, once you post a message, it cannot be retrieved so make sure that the language you use is appropriate.

Using BlackBoard at CSU

Step 1: (COMPUTER LAB, LEVIN COLLEGE) Log in. If you are working from home, go to step 2.

If you are in the Levin College computer lab, you will need to log in to the computer. The login and password have no relationship to your BlackBoard accounts/passwords. If you do not know your login and password, you can ask to use a guest account. Guest accounts are only valid for one week, so you will need to find out your lab account if you intend to work in the lab. Forms are available in the lab to request this information.

Step 2: Open Browser to http://www.csuohio.edu/elearning/blackboard/index.htm. Choose “login to CE6”. BlackBoard is integrated with CampusNet. Once you are registered for a web-based course in CampusNet, you will be automatically added to the roster in BlackBoard. Use your CampusNet ID and password to log in to BlackBoard.

Once logged in, you should see links to your web-based courses on your “my BlackBoard” page.

TIPS:

Be sure to use the “check browser function” in BlackBoard page. This will guide you through a process to determine if the browser you are using is compatible with BlackBoard. There are links to “check browser” from both the BlackBoard login page and the BlackBoard screens that appear after you log in.

Disable pop-up blockers for the BlackBoard site while working in your course.

BlackBoard works with the most recent version of Java. The browser tune-up will also check to make sure you have a compatible version of Java.

TROUBLESHOOTING/TECHNICAL HELP:
Urban students have two tiers of support: the College level and the University level.

I. For Urban web-based classes – UST/USA/PAD/PDD:

Urban Affairs Technology Help Desk:
help@urban.csuohio.edu
216.687.2200
The help desk is staffed from 8:00 a.m. to 10:00 p.m. Monday-Thursday, 8:00 a.m. to 6:00 p.m. Friday, and 8:00 a.m. to 5:00 p.m. Saturday.

II. University-Wide Support:
1. Students who need technical assistance should first consult the Ask eLearning knowledge base at: http://askelearning.csuohio.edu. Students can search the knowledge base for relevant articles and submit general technical support questions.

Questions submitted to the Ask eLearning knowledgebase are answered daily during normal business hours. Students can generally expect a response in less than one business day. Questions can be submitted 24 hours a day for response during the next business day.

2. For more urgent or specific problems, students who need technical support can contact the Call Center via phone (216-687-5050), the web (https://fseml1b.csuohio.edu/WebProbl.nsf), or email (call.center@csuohio.edu). For email submissions, please provide your CSU ID number for the fastest response.

The Call Center will either resolve the problem or submit a help ticket to the Center for eLearning. eLearning students should receive a response to help tickets either next business day for items submitted after 3 pm or the same business day for items submitted before 3 pm.

Call Center hours vary during the academic year. Consult the Call Center web site http://www.csuohio.edu/ist/callcenter.shtml for specific hours of operation.

3. Students can also access Blackboard Tutorials and other help documents. Consult the Ask eLearning knowledgebase or look for links on the blackboard login page.

Course CONTENT related questions should be directed to your instructor.
Cleveland State University: Urban Studies Computer Labs & Hours

Location
Urban Rooms 39 and 40, Lower Level.

Information
UR 40 is the primary student computer lab with 33 stations. UR 39 is a teaching lab with 16 stations and is also used when UR 40 is overloaded. Every urban student has an active account within the computer labs. You must be a student of the Urban College in order to use the labs. The labs are PC based with a Windows 2000 operating system. Both labs have an overhead LCD projector for instructional use.

Lab hours for summer are:
